+41 78 628 90 06 sk@stephanekuthy.com

Cinematographer for award-winning international features, tv-movies and documentaries.

With my experience under a large range of conditions, my ambition for each project is to find the visual language that will effectively support the narration and to create images that make the audience feel the movies themes.

In documentary as well as in fictional work, I strive to establish a strong sense of reality - enriched by a visual interpretation in order to compose strong and telling images.

1989-1992 ECAL Filmschool Lausanne. 1993-1997 1st AC.

Languages: French, German, English, (Italian, Spanish)

International experience: Europe, Africa, India, South America, China, USA.

Nationalities: France and Switzerland. Born 1968 in Paris.

Member of Swiss Cinematographers Society SCS.
